Initial Build Notes

- Find a substitute for Helvetica font to access lighter font weight
- Add a touch of light green, maybe for title background, to bring in some other color besides the blue
  - Darken the blue of the text slightly
- Resize images to fit
- Add footer
  - Company Logo
  - Nav bar links
  - Copyright Information
- Add flags for each country in culture section culture
- Hover over country creates pop-up of image
  - May require Javascript, ask for help if needed
  - Can also arrange images alternately next to the text
